

## **PRESS RELEASE**

EURTEAM have hosted the launch of their alliance at the Anglo-German Club, Hamburg in the presence of Europe's trade press representatives.

EURTEAM is an organisation of leading European Freight Forwarding companies that offers clients one solution for their Pan European logistic requirements to and from worldwide destinations.

The members of EURTEAM are five freight forwarding companies, leaders in providing services for the chemical industry in each country, Asta Logistik Grupo covering Spain, Daher International covering France, Leschaco International covering Belgium, Germany and the Netherlands, U. Del Corona & Scardigli covering Italy and Warrant Group covering United Kingdom.

The target of EURTEAM is to bid for and win European Deep-Sea Tenders through its members or directly, acting as a consortium of different local experts.

EURTEAM enables customers to take advantage of competitive freight rates, utilising the strength of the alliance existing container volumes and having access to all the major shipping lines world-wide.

EURTEAM offer a new concept for import-export logistic solutions by providing their clients with specialised local services as a global organisation, tracked via one web portal. EURTEAM pride themselves on reliability and have a dedicated commitment in working together.
