

**Daher obtains a double**

**European certification « CDI-mpc »**

***The freight forwarder, Daher International, successfully passed 2 audits of the Chemical Distribution Institute (CDI)***

(Le Havre – November 2007) Daher consolidates its global initiative in security, safety and quality by obtaining a double European certificate “CDI-mpc” for its chemical activities.

Among its activities, Daher is recognized as an important transport operator specialised in chemical products. One of its departments in Le Havre (FR76) is indeed specialised into 2 activities: Tank Container Operation & Freight Forwarding.

Since 2006, the Chemical Product Logistic Department of Daher undertook, towards the CDI, to participate to “Marine Pack Cargo” audits for “Tank Container Operator” and “Freight Forwarder” modules.

For its activities realised in chemical sector, Daher is already one the first services subcontractors who obtained a triple quality certification:

- ✓ ISO 9001, 2000 version
- ✓ ISO 14001, obtained in June 2002
- ✓ OHSAS 18001, obtained in June 2002

After a first pre-audit realised in June 2007, Daher is also the first subcontractor to obtain two “CDi-mpc” certifications:

- ✓ Tank Container Operation : 96.71%
- ✓ Freight Forwarding: 96.04%
